

Fuel-Efficient Stoves

Designed for the Highlands of Guatemala

A Project of New Castle Presbytery &
The Association of Mam
Christian Women for Development

These Stoves:

- Are fuel-efficient and cost-effective
- Reduce respiratory and eye diseases caused by smoke
- Eliminate the risk of young children contacting open flames
- Offer a comfortable working height for women
- Often provide the only source of heat in a home
- Serve as a table for families to eat together on cold mornings
- Are manufactured in Guatemala using local materials

Full Cost: \$180

(Recipient pays \$40, Donor pays \$140)
